## Rally and March to End the War

Reprinted with permission of Donnelly/Colt ([www.donnelleycolt.com](http://www.donnelleycolt.com))

Four years ago, the Bush administration launched an illegal war on Iraq. More than 3,100 U.S. GIs and hundreds of thousands of Iraqis have died. It is essential that we show Congress and our fellow citizens the breadth and depth of the peace movement and make a powerful call for an end to this tragedy. **WON'T YOU JOIN US?**
